PROLOGUE

The 1962 Annual Staff is proud to present the fifteenth edition of the LITTLE BREEZE. We hope that in the days to come you will turn back the leaves of this book and re-live this high school year.

We have had our share of classes, activities, honors, athletic achievement, and precious friendships. We find ourselves holding closely to our hearts the fond memories of this past year at W. H. S.

The 1962 LITTLE BREEZE is yours. You made it; we preserved it through word and picture.

Dedication

To our helpful and understanding teacher who has rendered many services to uphold the spirit of Weldon High School; to one who has served as advisor to the cheerleaders and the student council; to one who has taught us so willingly and faithfully—Mrs. Louise Savage—we proudly dedicate this, our 1962 LITTLE BREEZE to you.

In Memoriam

Weldon High School sustained a great loss in the death of C. B. Thomas, Sr. Under his guidance, Weldon schools turned out men and women of excellent character prepared in fundamentals so that they could competently pursue their studies in higher education.

No higher tribute can be paid to him than to say that he was a Christian gentleman, "whose delight was in the law of the Lord, and in His law did he meditate day and night."

The Student Council

This group of students, made up of the leaders of our school, serve as a bridge between the faculty and the student body. Although the club actually has no legislative authority, it studies various school problems, and makes suggestions to the teachers and students.

The social event of the year for the Council is the homecoming game. The Council sponsors the election of the court, half-time activities at the game, and the homecoming dance.

Through the efforts of the president, Steve Turner, and the sponsor, Mrs. Savage, the Council has become affiliated with the state organization. Members are looking forward to future conventions and state get-togethers.

Freshmen '65

A group of outstanding students, chosen on the merits of scholastic and leadership ability, compose the Beta Club.

Even though there is hard work involved in sponsoring the annual, operating the "little store", and the many other projects that it undertakes, the club usually manages to make fun out of its more difficult tasks.

There is the annual Beta Club convention, where the students receive much valuable information from other members of clubs and from inspiring programs, and also enjoy socializing.

Under the excellent leadership of the president, Ralph Blowe, and the sponsor, Mrs. Joyner, the club serves others; not only through its service projects, but also by setting high standards for the entire high school.

The Beta Club

"Little Breeze" Staff

Mrs. Joyner--Sponsor

Our "Little Breeze" for fifteen years has recorded the history of Weldon High School. Few students realize the time, energy, and headaches this yearly publication involves.

Though they are often rushed to meet deadlines and have financial difficulties, the members of the annual staff enjoy their work. For the past two years, the staff has sponsored a Sadie Hawkins Dance--what fun we've had! Around Christmas time, the staff sponsors the Snowflake Ball, a more sophicated event in our school year.

It seems fully worth the time and work of the staff members, when the yearbooks FINALLY arrive, and the students proclaim it each year, "the best Little Breeze of them all!"

The art of debating was revived at W. H. S. in 1960-1961. The school's first debaters in over ten years were Pam Brown, Elizabeth Bird, Steve Turner, and Ray Roberson, all of whom debated the year's topic, Resolved: That The United Nations Should Be Significantly Strengthened. The team, which was coached by Mrs. Joyner, competed in a triangle with Whitakers and William R. Davie High Schools. As debating has been an old tradition at W. H. S., and as the school has obtained state-wide prominence on the rostrums, the debaters hope that this revival of interest in debating will be supported and carried on by other students in the future.

Athletics

Football

Coach Don Johnson's Tornadoes completed one of the most successful seasons in several years during the 1961 football campaigns. The Weldon squad posted a 4-4-1 record, placing second in the Tar-Roanoke Conference.

With Coach Johnson's leadership, and the enthusiastic, season-long support of the student body, the Tornadoes roared through what is probably the toughest Class-A schedule in the state. One of the high points of the season was the 12-0 win over previously undefeated Enfield before a homecoming crowd of almost 1,500.

A CAREER *With A Future!*

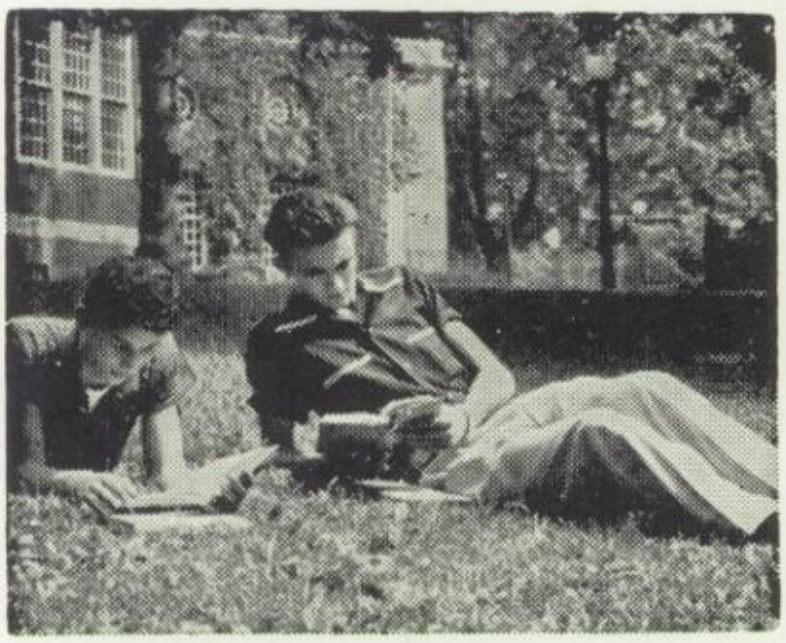
If you like science and mathematics, consider engineering for your career! Engineering is the field of today and tomorrow. Progress is fast. New jobs are opening up every day. Plan for a job with a future—plan to be an engineer!

VEPCO

VIRGINIA ELECTRIC AND POWER COMPANY

Attention: High School Juniors and Seniors

YOUR FUTURE LOOKS GREAT



in the growing pulp and paper industry

More trees are being grown. . .paper plants are expanding. . .new job opportunities are opening every day. Yes, your future in the pulp and paper industry offers top wages, job security and unlimited opportunity for advancement in production, technical and top management positions within the industry.

The student now studying math, physics, chemistry and related subjects may later qualify as pulp and paper technologist, plant chemist, quality control specialist or production trainee. A four-year college education is preferred for these positions and scholarships in pulp and paper technology are available at N. C. State College. To supplement these scholarships, highly remunerative summer employment is usually available during vacation periods.

Scholarship application should be made by May 15 to qualify for admission to N. C. State the following fall.

Contact us for full information about your future in this fascinating, rapidly-expanding industry.
